The new schedule his sentence in San Quentin, today left is an advance over the former scale, the prison and is going to Ukiah for but does not meet all the original demands of the strikers.

## **ARABIC CARRIED** NO CONTRABAND

Sinking of Liner Was Without Justification

(Associated Press by Federal Wireless.) LONDON, August 24.—The British foreign office today issued an official statement regarding the torpedoing White Star liner Arabic. The statenonneement says, carried no contra-

The attack upon the liner was made by a German submarine, says the foreign office, but the number of the attacking craft was not learned by the Arabic captain or any member of his found.

Submarine Was Seen

The submarine itself was seen, but t showed no number, according to the reports of crew and passengers.

Captain Finch was interviewed yesterday in Liverpool. He states that) A despatch credited to Berlin was there can be no question concerning issued yesterday announcing the fall the nature of the attack made upon of the Ossowetz fortress. Lacking his slop, the submarine which fired confirmation from Petrograd, the an the torpedo being seen. The Arabic was such deliberately, says Captain Finch, and the commander of the submarine had every reason to know that it was a passenger liner at which be launched his torpedo.

> The theory advanced that the daniage might be attributed to a mine, Capturn Finch declares is absurd. Dunsley Was Not Armed

In reply to statements from Germany that the steamer Dunsley, to whose rescue the Arabic turned when the former vessel was torpedoed and apparently sinking, was in reality an armed patrol vessel under admiralty orders, will be presented formally to the emthe British admiralty yesterday issued a statement. The Dunsley, says the admiralty, was not an armed sense of the word. On the contrary she was an unarmed trader, outward bound for a neutral port, and attacked and sunk without warning.

WASHINGTON NOT HASTY (Associated Press by Pederal Wireless.) WASHINGTON, August 23.—That

no hasty action will be taken in the case of the Arabic was made certain today when the White House author- spect, one of the heaviest armed ships ized the statement that "when the affort, while she will be the first ship facts concerning the sinking of the of the American navy to be fitted with Arabic are ascertained, then action will be determined."

Submarine Fleet Operating For Defense of Russian Coast and Harbors Gets Credit For Disastrous Defeat of Germanics

MANY OF THE RAIDERS WERE OF BRITISH NAVY

Strongest Division of Ships Kaiser Has Sent Into Action Since Beginning of War Practically Wiped Out By Wasps

(Associated Press by Pederal Wireless.)

ONDON, August 24.-Practically all the credit for the defeat of the German fleet in the Gulf of Riga on Friday night and Saturday merning goes to the submarine fleet operating for the defense of the Russian coast and harbors, made up in very large part by British undersea. fighters, which have been allipting through the waters of the Skagerras and Cattegat for the past several weeks, seeking their chances at the German warships.

In the recent engagement off the Island of Gotland, one German battleship, the Pommern, went down before a British torpeds. In the Gulf of Riga, one table craiser, the Molike, try oth y eralsers, unidentified, and one auxillary croiser were smitten, while eight torpedo boats, attempting to goard the greater fighting crafts, were hit, one after the other, or were sunk by

Submarines And Mines Used

A report from the Petrograd correspondent of a London daily quotes when the German fleet, consisting of a number of the greatest fighting crafts of the Kaiser's navy, managed milky fog, the admiral in command ownized the fact that it would be suicidal to oppose the Germans with his

vessels. Accordingly, he withdrew under cover of the coast batteries and left the issue with the British submarines and the mines, and these defeated and drove back the atrongest fleet Germany has yet sent into action so far

German Submarine Lost

An official despatch from Petrograd last night announces that in addition to the cruisers and destroyers sunk in the Gulf of Riga battle, a German submarine, chased by Russian destroyers, in an effort to escape dashed itself ashore on Dagoe Island, the entire view being drawned and the vessel rendered a total wreck.

Yesterday further naval losses for Germany were registered. A British fleet of river gunboats and light cruisers bombarded the German positions on the Belgian coast at Zeebruge, eighteen miles northeast from Ostend, and at Duinbergen, the port of Knocke, a few miles northeast of Zeebruge. The share batteries were silenced and the British gunners concentrated their fire on the supposed submaring bases of the Germans.

British Shells Do Damage

That considerable damage was inflicted by the British shells is evidenced from an official announcement concerning the bombardment issued by were sunk at Zeebruge. A number from the crews of the destroyers were saved, says the Berlin despatch. The report of the German admiralty comes

via Amsterdam.

The French admiralty reports that a German submarine, in a fight with two French, destroyers, was also sunk off Ostend

Correspondents of the Netherland newspapers in Germany report that the German press has made no mention of the defeat of the German free in tion at Formosa have been captured Gulf of Riga battle, airnough prom-by Japanese soldiers sent out after inence is given to the details of the them, according to a report received state entry of Novo-Georgievsk by the Kaiser.
